For this list, we have managed to clear all musical copy-rights for the live stream of the competitions.

Here is once more the excerpt from the WRRC Online Competitions Rules:

- 1.11 For each competition, sixteen (16) days before the airing day, there will be a publication of code name on the WRRC competition web page – one person from couple/formation will have to show this code name (for all) and song number (for couples only), specific for each competition, on a white paper and clearly visible on the footage on the beginning of the video. After this, allow a minimum of five (5) seconds before the dance performance starts. This part is for verification only and it will not be shown in the airing of the competition:

Example:

- 1.12 Code name announcement (as described above and for each specific competition) is actually the opening of the announcement for all participants.

.....

- 1.15 For couples only, at each competition, each participant will choose a song from the official fixed list which will be published on the WRRC website. The number of the chosen song has to be clearly shown on the white paper presented at the beginning of the video. The same participant cannot choose the same song (already used for one of his previous videos) for another Online competition.
